THE ONE FLOORING PROCESS

Our fully certified Oak is **harvested from sustainable forests** throughout Europe.

Our simple **4 step process** allows you to create your own bespoke wood floor.

Now you've chosen your options, using the latest state of the art machinery and highly experienced craftsmen, our colour technicians will create your wood floor here in the UK from responsibly sourced European logs. Ensuring the highest British quality and prompt delivery.

We also offer a bespoke colour matching service to create your perfect floor, so please feel free to provide us with a sample you would like us to match.

STEP
1

CHOOSE
YOUR
DESIGN

Start creating your bespoke floor by choosing your design from page 8 and 9.

STEP
2

CHOOSE
YOUR
DIMENSIONS

Choose the dimensions available in your design from page 8.

STEP
3

CHOOSE
YOUR
GRADE

Our range of designs are available in Prime and Rustic grades - shown on page 11 with the majority of items in stock and ready for finishing.

STEP
4

CHOOSE
YOUR
FINISH

To complete your bespoke floor choose your texture and treatment from page 12 and your colour and finish from pages 16-20.

We use UV cured hardwax oil as our final protective layer. Available in Matt and Satin finishes.

THE LAB

Our state of the art Lab houses only the best machinery to achieve our **colour matching service**.

With an extensive range of unfinished European stock in Prime, Rustic and 100% Fumed Oak we can offer you a prompt colour matching service and final production time.

The process of **sample matching** takes 10 working days as we use the same extensive weighted method of application to ensure precise and consistent application of the oils, stains and textures required.

DESIGNS & DIMENSIONS

Planks

15/4 x 140 / 180 / 220mm x <i>Random Lengths</i> 600-2200mm
20/6 x 140 / 180 / 220 / 260 / 300mm x <i>Random Lengths</i> 1400-2400mm

Herringbone Blocks

10/4 x 70 x 490mm
11/4 x 70 x 350mm*
15/4 x 70 x 350mm*
20/5 x 70 x 350mm*
10/4 x 90 x 500mm
15/4 x 90 x 500mm
20/6 x 90 x 500mm
15/4 x 120 x 600mm
20/6 x 120 x 600mm

Chevrons - 45 Degree Angle

10/4 x 90 x 500mm
15/4 x 90 x 500mm
20/6 x 90 x 500mm

GRADING

Our prime and rustic grades are determined by the knot, sapwood and colour content.

Prime

Prime grade has few, if any knots, and these will be of minimal size. Core or edge sapwood and filler will be negligible if any at all, and there will be a relatively small amount of natural colour variation in the timber itself.

Rustic

Rustic grade allows for the mixture of natural grain and knots. Sound knots of up to 70mm and dead knots up to 35mm are perfectly acceptable. There will be colour variation, cracks up to 150mm long and you can also expect minimal core and edge sapwood, plus filler. The colour of the filler is carefully selected to complement the wood rather than to match it exactly and it may vary from batch to batch.

GRADING RULES Grading rules may vary from country to country and manufacturer to manufacturer. Please check at time of order for a certain product/range.

TEXTURES & TREATMENTS

Brushed

Removing the soft grain enhances the texture of the timber.

Available in light, medium or heavy brushed.

Aged & Tumbled

Each piece of flooring is tumbled to achieve an authentic aged look to the edges and surface of the timber.

Bandsawn

Our bandsawn floors have traditional cut marks across the face of the floor and particularly suit retail and commercial projects.

Fumed

100% Fumed - tones of deep dark brown/black.

Light Smoked

Surface smoked - tones of light to medium brown.

Medium Smoked

Surface smoked - tones of medium to dark brown.

Dark Smoked

Surface smoked - tones of dark brown.

UV Oil Finish

UV cured hardwax oil. Available in Matt and Satin finishes.

One Flooring offer you endless combinations of surface treatments to create your bespoke wood floor.

Our **fumed and smoked** colours are achieved through a process which reacts with the natural tannins in the oak and although we use controlled processes, the final colours are dictated by nature and not by using pigmented stains.

*Please be aware that when you buy smoked or fumed oak flooring **variation in colour is to be expected**. This is the beauty of having these floors.*

CARE TIP To help care for your new wood floor we recommend using Osmo Wash and Care for regular cleaning and Osmo Maintenance Oil to refresh the surface.

We advise that you do not under any circumstance use a steam cleaner.

For more information please refer to our care and maintenance guide.

THE TAILORED COLLECTION

PLANK HERRINGBONE CHEVRON

One Flooring offer you the option of thickness, width and grade in your chosen finish.

Our core range of engineered oak in 20 finishes are a few of our favourites to whet your appetite; with endless options of textures, colours and finishes available.

Pages 16 to 20 show our core range colours in plank format. They are available in the designs and dimensions shown on pages 8 & 9.

Fumed Flooring

Our fumed and smoked colours are achieved through a process which reacts with the natural tannins in the oak. Although we use controlled processes when smoking variation in colour will occur and the final colours are dictated by nature and not by using pigmented stains.

The main difference between the two techniques; The Smoking process penetrates the veneer surface by 0.5 - 2mm in depth whilst the image shown here demonstrates that our Fumed oak penetrates the entire veneer layer.

Bespoke Finish

THE DISTRESSED TAILORED COLLECTION

6 Colour Range of Plank and Herringbone
in Prime and Rustic Grade European Oak.

Distinctive aged and distressed surface texture
achieved through tumbling the products.
